FROM THE PRESIDENT'S CORNER

What a fine meeting we had at the Fauquier Springs Country Club in Warrenton, Virginia on St. Patrick's Day. Elsewhere in this Muster Call you will see a report from our Secretary, John Winn, on the number of persons in attendance. The number was impressive.

The participation of the membership makes me proud to be the President of the Culpeper Minute Men Chapter of the Virginia Society of the Sons of the American Revolution.

The highlight of the meeting was the slide program presented by Larry and Lori Payne, entitled "Tour of Lesser Known Cemeteries in Fauquier County, VA of Documented Burials of Revolutionary War Veterans. These two exemplary citizens of our service area have dedicated their lives to finding, researching, documenting, saving and marking, among other cemeteries, the gravesites and graves of Revolutionary War Heroes and Patriots.

This couple is doing what every person who is a member of the SAR should be doing. Preserving our heritage. Saving our revolutionary heroes gravesites from destruction and oblivion. We know for sure that we will have a goodly number of grave markings this year, and on into the years to come. Each of us should pledge ourselves to help the Paynes in their efforts.

WHOLESALE BROWN-BESS MUSKETS!!!

For the required three gun minimal order, yours truly and another fellow compatriot purchased two Brown-Bess Muskets valued at \$595.00 retail (each) for \$425.00!!! A New England Fowler Longrifle was the third weapon to complete our order and it also received a wholesale discount as well! Also, we saved a king's ransom in shipping costs! For one who is in the market for a new musket or longrifle, this is definitely worth your time to consider...not a sermon...just a tip!

Trivia Answer: FICTION...Tipler, Vulcan, Madame Moose, and Sweetlips were all hounds belonging to George Washington, who owned about 40 dogs. Some of his other dogs names were Drunkard, Taster, Mopsey, Seacher and Rover.
