GRAVEMARKING

The grave marking for Patriot Ephraim Fray, 18 March 2006, was conducted at the Mt. Hebron Lutheran Cemetery in Madison County, Virginia. Two great-great grandsons and several other family members were present as were members of the press and Virginia House of Delegates member, Ed Scott. VASSAR President James M. Bayne and Past VASSAR President John Dickie, Judy and Victoria were present together with a large number of CMM Chapter members, DAR members and others. The audience was treated to a delightful presentation of period music by Drum Major Hague and Pipe Major Lacey who exhibited the highest of professional skills by joining together in their first public appearance as a duo without benefit of rehearsal other than email exchanges. Militia Guardsman Lon Lacey, Jr. provided the musket volley, and Ryan Calonder, Stonewall Jackson High School, Prince William County presented "Taps". The Pastor of the Mt. Hebron Lutheran Church expressed her thanks for this service as did the great-great grandsons.

VASSAR PRESIDENT INITIATIVE

VASSAR President, James Bayne, has initiated a Program to reward chapters whose members receive NSSAR approval of their lines to Patriots who have not yet been listed in DAR or SAR Patriot Indexes. If you've got them, document them.

**THE REAL STORY OF
THE AMERICAN REVOLUTION**

President General Robert Downing has created a committee to "strengthen public understanding of liberty in the U.S." One of the results from this committee is <http://www.rsar.org/>, which is a good source of RW era information, and much more. I recommend each of us visit this page early and often.
