The SAR is a historical, educational, and patriotic non-profit, United States 501(c) 3, corporation and as such must be a non-political organization. The action(s) of a Chapter that is in violation of the 501(c) 3 statute can ripple all the way up to National.

Regardless of a Compatriot's personal political views, they have no place when at an SAR function, wearing SAR ribbons or under any circumstances wherein it may be inferred by others that we are taking a political stance in violation of our stated objectives or 501(c)3 status.
