**Remembrance Days**

Culpeper Minute Men Chapter is now a "regular participant" in Culpeper's Remembrance Days, a celebration intended to draw the public's attention to Culpeper's historical relevance.

The Chapter's participation this year included the dedication of the new athletic field on Saturday, and demonstrations and discussions at the Museum of History and at the Redwood Home which was a part of the tour of historic homes.

The following pictures are from the 2006 participation.
