

Community planning. All these activities help remind our citizens of the very real sacrifices of the Revolutionary War Patriots. The CMM Color Guard seems to always be ready to serve when the opportunity arises. Did you know that the CMM Color Guard is sought out to the extent that the Guardsman almost had to turn down a request to appear this year? That's a result of good visibility!

CMM Color Guard could use more men to march and show the colors. You don't have to be in uniform. Put on your SAR necktie, medals, etc and show the colors! Get ready to answer questions as people will ask about the SAR. Come out and join CMM activities. It is rewarding.
